

SARA SINDI

Production Artist

As a second-year student at UAL, I am actively pursuing opportunities to leverage my creative and innovative mindset, with a particular focus on production arts. My diverse and well-rounded background enhances my forward-thinking abilities. I am enthusiastic about the prospect of contributing to a dynamic organization, where I can apply and further enhance the skills I have cultivated throughout my academic journey. I am eager to join a successful team that values creativity, collaboration, and continuous learning.

Experience

● X-Element

Advertising Agency - Internship

August 2020

I overshadowed the team at X-Element and learned how they conduct meeting with their clients, how they work on bringing the clients visions to life, how they work with Adobe, and how their time frame works when filming advertisements.

● TED-X

3D Animation for a Ted Talk

June 2023

In the summer after my first year at university, we were asked to sign up and work on a 3D animation for a ted talk, working side by side with the Illustration students at the university.

● Mediocre Windi

Online Design Commissions

July 2023 (ongoing)

Design studio creating logos, infographics, concept art, and illustrations.

I have worked on a logo for an online thrift shop (Dolab Abouk), an album cover for an audio engineer (Moe Taifi), and branding for an upcoming podcast (raha podcast).
